MMS - A Medical Supply Company was originally founded in 1970 and focused on the acute care market. Just as the healthcare industry has continued to evolve, so has MMS. MMS has grown to include a division exclusively dedicated to providing EMS and other public safety professionals with quality emergency medical supplies at a competitive price.

MMS has formed relationships with Focus Vendors specializing in products that provide the newest technology, highest quality and best value. MMS is committed to working with these vendors to remain informed of the newest trends and products affecting the EMS Industry.

MMS prides itself in being a *Regional Distributor with a National Presence* allowing us to provide:

- Dedication and commitment to our customers.
- A broad array of products from over 1,200 manufacturers.
- Warehouses and distribution centers strategically located in eleven major market areas.
- Fast delivery
- Flexible Ordering via phone, fax and online.
- Emergency Preparedness Planning

Give us a call today and let MMS come to the rescue!
